Dear John

### **Moorways Sports Village update**

We are pleased to report that work on the new and exciting Moorways Sports Village is progressing very well to ensure we are ready to open in spring 2022.

Earlier this year the flumes were installed, and the remainder of the Water Park features will be installed over the coming weeks.

You can see how the construction has progressed with our time lapse video <https://youtu.be/yx7RI-7vwK0>

Earlier this year the Council made the decision to procure a partner operator for the Moorways Sports Village site.

Over the last several months we have been undertaking a procurement process to endeavor to secure a partner operator for the venue to open in spring 2022. We have had significant interest from national leisure operators, who have recently submitted their final tenders for evaluation.

Our intention is to announce the successful tenderer early in the new year.

As you are aware the Council has been consulting on its proposal for Queen's Leisure Centre; to cease operating the leisure provision at Queen's Leisure Centre when Moorways Sports Village opens.

The Councils' Cabinet will decide on the future of Queen's Leisure Centre on 8 December 2021. Following this decision, we will be in touch with you, in the new year, to discuss your booking.
